TESTIMONIAL FROM A PRIEST WHO ATTENDED AN UNBOUND RETREAT:

"If you need a retreat to experience more of the love of God the Father, the fraternal support of brother priests, enlightening teaching, and time and space with Jesus, I highly recommend this one."

This teaching retreat is **exclusively** for Catholic Priests and will offer a detailed view of the UNBOUND inner healing and deliverance ministry model. This is the first time an 'UNBOUND Priest Retreat' has been held outside the USA and it is open to all Priests from across Europe.

You will learn a variety of practical ways that the "5 Keys" of Unbound can be incorporated into your general priestly ministry, including the confessional, pastoral counselling and spiritual direction, as well as in your own life. You will receive in depth teaching on Unbound and also be taught how to minister to others using the Unbound model.

You will experience five days of engaging talks, practical teaching sessions, with spiritual direction available with Fr Ritaccio, as well as plenty of time for fellowship with your brother priests. Spending time in prayer together with a focus on the Sacraments will be an important emphasis of this Retreat. In addition, to daily Mass, you will have ample time for personal prayer and reflection **and opportunity to receive personal ministry utilising the 5 keys of Unbound.**

The Retreat will provide ongoing formation to aid your priestly ministry. You will have the benefit of hearing from experienced, international Catholic speakers and theologians who will present stimulating, thought provoking talks.
